

To: Yacht Brokers, Agents & Clients

Pre Purchase Surveys

In support of Yacht Brokers, Agents & Clients we provide a competitive Pre-Purchase Survey Report service, which cover the main marine safety and construction questions required by clients.

- Pre-Purchase Survey Reports are prepared in a similar format and style to our standard insurance /finance reports
- Pre-Purchase Survey Reports are less detailed and less comprehensive than a full structural survey. Such a report does NOT purport to be a full structural survey report
- Pre-Purchase Survey Reports are recognised by leading insurance and finance companies
- Major items relating to structural integrity and safety will be included.
- A fair market valuation will be included
- Following the survey buyers will be telephoned in the evening if requested to discuss initial findings. Findings at this stage are advisory.
- All reports will include photographs taken during the course of the survey.
- Reports sent via e-mail with a follow up CD Rom.

Fees: Vessel length	25 - 29 ft	£ 300.00 inc
